Guess the Fib

AKA

Two Truths and a Lie; Spot-the-Not; Fact-or-Fiction

Divide the entire class into small groups of two - four members each.

Ask each person to tell, with conviction, two truths and a lie about:
How they spent their summer vacation,
what they did over the holidays,
what they do for fun, or
any other topic of their choice.

Examples in response to What I did over the summer might be:

- I cooked dinner for my family on Monday nights. (lie)
- I attended my sister's college graduation. (truth)
- I attended the Colorado Outward Bound program for three weeks and climbed a 13,000-foot mountain. (truth)

Other members of the group have to guess which are the truths and which is the lie.

With the entire class conduct a “Stump the Class” session. Have each of the smaller groups select the most interesting, convincing person to share his or her three items.

Extensions:
1. Three problems: Two Correct, One Error
2. Set of Problems: 15 Correct, 5 Errors
3. Test Review: Each section has Errors, Total # for the entire test.

Use 1 · 2 · 4 to check their own work.
