LoopWriter® Details

System Requirements:
Windows XP and Mac OSX: 256 MB of RAM.
Macintosh OS X: 10.1.3 with Java 1.4 or greater.

Where do I get LoopWriter?
LoopWriter is available for a free 10 day trial during which you can use all of its functions and print, up to two Loop Games. Just click on the Free Download button and you'll see PC and Mac OSX Version links, with instructions.

The Curriculum Project accepts purchase orders, checks and all major credit cards. When you click on Buy Now you will be brought to our shopping cart to complete your purchase, or mail or call in your order to the address below.

How much does LoopWriter cost?
LoopWriter is available as a download from our web site for $24.95. We email all the information you need with a registration code and you are up and running in minutes.

Buying more than one, and still want the E-distribution?
No problem, we'll send individual written instructions for you to distribute to your staff, and only charge for E-distribution.

LoopWriter is also available on a CD for $29.95 plus shipping.
